Marilyn Brown The
Gait LLC South
Bend, Indiana

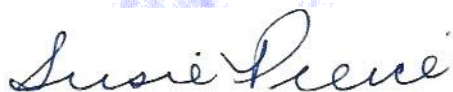

Dear Ms. Phillips and Ms. Brown:

Thank you so much for allowing our public charter school to try REST in our small school. Our trial period absolutely proved its worth for our attention-deficit as well as our students on the autism spectrum.

We have seen a difference in behaviors during and after the session on REST. We have students who are benefiting from this sensory equipment and love it.

Obviously, we are keeping the equipment as we see the students benefiting from it. Thank you for creating such a wonderful, useful product in the area of special needs.

Respectfully,

Susie Pierce

Susie Pierce, School Leader
